Figure 13-9: Adelaide Airport Australian Noise Exposure Forecast

**ENDORSEMENT FOR TECHNICAL ACCURACY**  
**ULTIMATE PRACTICAL CAPACITY ANEF**

*[Signature]*  
 Date: 13.1.2019  
 Chief Air Traffic Controller,  
 Air Navigation Services.

The aircraft noise contours on this chart have been calculated using an appropriate modelling process. Airservices Australia has, in accordance with the approved manner of endorsement, considered the physical ultimate capacity of the existing or proposed runway/s in its endorsement process. The data input and assumptions made in that process are derived in part from external sources. Airservices Australia makes no warranty in respect of that information and excludes all liability for any loss arising from reliance on that information.
