

## 1. Policy Statement

The purpose of this Policy is to ensure that all contractors engaged by Adelaide Airport Limited (AAL); Parafield Airport Limited (PAL) or their successors or assignees (together referred to as 'AAL') are made aware of their obligation to meet AAL's expectations of responsible behaviour to their subcontractors and employees.

All contractors of AAL are expected to comply with current best practice as a condition of their engagement, and must conduct themselves legally, ethically and with integrity in line with AAL's standards as set out in this policy.

A material breach of this Policy by a contractor or repetitive minor breaches will constitute a breach and default by the contractor of its contractual arrangements with AAL and will entitle AAL to exercise its legal rights arising on default.

This Policy does not override any of the terms and conditions of the primary contract. In the event of inconsistency, the terms of the primary contract are paramount.
